

# Model 7500-Wing

Dual LCD Arm

Do you use two monitors? With the 7500-Wing, both monitors will float above your desktop, allowing you to quickly and easily adjust monitor height and position. Monitors are fixed in a side-by-side configuration, allowing you to move both simultaneously. The 7500-Wing incorporates cable management, allowing you to thread cables right through the arm, keeping your work space clean and organized.

## FEATURES

- ▲ Gas arm "floats" monitors above desktop for instant height adjustment
- ▲ Includes FLEXmount™ – six different mounting options in one kit
- ▲ Quick-install/quick-release mechanism instantly and securely snaps monitors into position
- ▲ Compatible with all VESA® monitors – includes 75mm and 100mm VESA® mounting plates
- ▲ Includes cable management system – cables concealed in arm

Rotate monitors from landscape to portrait

Arm collapses upon itself to save space
