

Model 7516

Healthcare LCD Arm with Handles

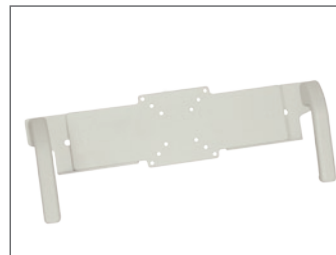

The award-winning 7500 Radial Arm is combined with a handled bracket creating a new state of the art tool for the medical industry. Effortlessly control your radial movement; simply grasp the handle and turn the LCD left or right – wherever you need it! Innovative cable management routes cables inside the arm, in order to keep your work area organized. You'll never work the old and cluttered way again!

FEATURES

- ▲ Use handles to quickly reposition the monitor without touching the monitor
- ▲ Extends up to 27", folds to just 3", vertical range of 18"
- ▲ Tilt monitor up to 200 degrees
- ▲ Includes FLEXmount™ – six different mounting options in one kit
