

# iLift™

Floating Flat Panel Arm

LIBERATE  
YOUR  
DESKTOP

Apple users — now your iMac or Cinema Display monitor can float weightlessly above the desktop. The iLift™ saves space and allows you to work flexibly and ergonomically. Work while sitting or standing; share your monitor with a visitor; move the screen to avoid glare or to avoid neck and back pain. Simply put the monitor where you want it... no tools or knob-turning required. It's as intuitive as your Mac!

## FEATURES

- ▲ Styled to complement your Apple product
- ▲ Monitor floats weightlessly; height and position may be adjusted with one hand
- ▲ Monitor may be extended up to 27"; arm collapses to about 3"
- ▲ 200 degrees of monitor tilt
- ▲ Cable management keeps the work surface free of annoying cable clutter
- ▲ Provides additional security for the monitor — removes the danger of monitor tipping over or slipping off desk

## COMPATIBILITY

The iLift™ will support:

- iMac G5 17-inch<sup>1</sup>
- iMac G5 20-inch<sup>1</sup>
- Intel iMac w/iSight 24-inch<sup>2</sup>
- Cinema Display 20-inch<sup>3</sup>
- Cinema Display 23-inch<sup>3</sup>
- Cinema Display 30-inch<sup>3</sup>
